### .....Celebration of the 71st anniversary of Taizé

On August 20, 1940, as World War II was raging, Brother Roger arrived alone in the village of Taizé, with the idea of founding a community. He died on August 16, 2005. The legacy he left is alive. He had a conviction: God is united to every human being, even to those who are unaware of it. In this confidence in God's presence, he found a peace he sought to communicate to others.
